

Brazos Valley Council of Governments (BVCOG) Client Needs Assessment

Project Summary & Goals

Under the oversight of the BVCOG HIV Program, the Center for Community Health Development (CCHD) conducted a client needs assessment for the five health service delivery areas (HSDAs) that fall under the BVCOG HIV Program service area in Central Texas. The assessment was designed to clarify needs of people living with HIV/AIDS (PLWHA) in the region and evaluate how well existing services meet the needs of this population.

The project goals were to:

- Conduct 200 client phone surveys with PLWHA in Central Texas
- Conduct 10 HSDA case manager phone interviews
- Analyze survey and interview data collected
- Generate reports identifying needs of PLWHA for the region and for each HSDA (Austin; Bryan-College Station; Concho Plateau; Temple-Killeen; Waco)

Principal Investigator

Monica L. Wendel, M.A., M.P.H., Dr.P.H.

Project Dates

2013-2014

Communities Involved

Austin HSDA
Bryan-College Station HSDA
Concho Plateau HSDA
Temple-Killeen HSDA
Waco HSDA
